

Bulldog Portable Security Case Fitting Instructions

Using The Portable Security Case

Thread the cable lock through the holes in the security case and loop around a fixed object to provide security.

Fitting Lid

The lid is locked by simply locking the hinges and rotating the lock ¼ turn.

NOTE - The lid to the security case will only fit in one position. The end of the case to which hinges fit is labelled.

IMPORTANT WARNING - (If bolting in position)

BEFORE DRILLING FLOOR OF VEHICLE, CHECK VERY THOROUGHLY FOR WIRES, CABLES, PIPES ETC. BENEATH THE INTENDED DRILLING AREA. CHECK WITH VEHICLE HANDBOOK REGARDING DRILLING OF FLOOR AREA.

Key Security. Enter your key number here:

IMPORTANT - Your Bulldog product is supplied with two keys. Make a note of your personal key number in the space provided above and **keep it in a safe place**. Should you lose your keys, replacements can only be obtained from the manufacturer through your dealer.

(Unfortunately no spare keys are available for the cable lock).

LS1-4

We have taken every care in the design and manufacture of this security device and we believe that it is an effective deterrent. However we cannot guarantee that it will resist the efforts of the most determined thief, and as such we do not accept any liability for loss or damage caused by theft, vandalism or other illegal activity against property to which this device is fitted.
